Additional Information: Next week in maths we will be looking at multiplication and scaling problems.

Spellings: There are weekly individual spelling tests every **Friday**. This week the children will be thinking about the 'i' sound spelt 'y' other than at the end of the word. The children will be given the opportunity to select the Bronze (6), Silver (10) or Gold (15) challenge for the spellings they learn at home. The spellings will focus on the rule taught within the week.

Home learning aims to consolidate and build on the learning taking place at school. Children should not worry if they struggle with their home learning. They should come and speak to me as soon as possible and we will work through whatever the problem is.
